Emergency Services Update - Chris Sundlee, Emergency Services Coordinator

Chris Sundlee, Emergency Services Coordinator was present and gave an update. He has completed a review of and updated the draft Emergency Operations Plan, which will now be submitted to the City Attorney for review.

The repeater on Bonneville is fine but the antenna is weak and needs to be stabilized with a permanent structure. Mr. Sundlee will get quotes to do this. He also suggested getting some "free" items to distribute at Fiesta. The Commission felt that residents should have to do something in order to receive these, such as providing their emails to the City and getting involved. Mr. Sundlee will also check with SOS Disaster Supplies to see if they can come to the Fiesta and display their products, with the possibility of selling some of those products.

The new satellite phone has been purchased and was shown to the Commission. It has a rechargeable battery.
